

Correction

Script Python

```
1 def couples_consecutifs(tab):
2     solution = []
3     for i in range(len(tab)-1):
4         if tab[i] + 1 == tab[i+1]:
5             solution.append((tab[i], tab[i+1]))
6     return solution
```
