

Correction

 Script Python

```
1 def moyenne(tab):
2     somme = 0
3     coeffs = 0
4     for couple in tab:
5         somme += couple[0] * couple[1]
6         coeffs += couple[1]
7     if coeffs == 0:
8         return None
9     return somme / coeffs
```
