

Correction

 Script Python

```
1 def recherche_min(tab):
2     indice_min = 0
3     for i in range(len(tab)):
4         if tab[i] < tab[indice_min]:
5             indice_min = i
6     return indice_min
```
